### 1.2.3 IP

2)

### 1.2.4 IP

3) DNS

The image shows a Windows 10 Network Setup window titled "快速向导" (Quick Wizard). The window is divided into two main sections. The left section has a green and white striped background and contains a "DNS 设置" (DNS Settings) section with a "手动" (Manual) tab selected. The right section has a white background and contains a "DNS 设置" (DNS Settings) section with a "手动" (Manual) tab selected. Below the tabs, there are two input fields for DNS servers. The first field is labeled "首选 DNS 服务器" (Preferred DNS server) and contains the value "8.8.8.8". The second field is labeled "备选 DNS 服务器" (Alternate DNS server) and contains the value "114.114.114.114". At the bottom of the window, there is a blue button labeled "下一步" (Next) and a link labeled "有关 DNS 设置的帮助" (Help with DNS settings).
